To: Oregon Urology Institute

Thanks so much for sponsoring the second annual survival's celebration.

It was a huge success. All of you are heroes to us — especially Dr. Oleg Shilbay for me. My 13th year free of cancer! Hope to see Oleg on the ski slopes in 2011. Thanks, Jane

Doctors, Nurses & staff:

Thank you for your kindness,
financial support, & hard work needed
to put on the prostate cancer survivor's
celebration yesterday. The food was
delicious. This meant a lot to me &
my wife.

Robert & Janice

September 15, 2010

Dear Friends,

It was most encouraging to see the number of survivors of prostate cancer that attended your bar-b-que party. I had speculated there might be as many as twenty, that could be served in a dining room. What a surprise! It gives one hope to see how many people have gone or are going through what you are.

You are to be commended on the splendid work you are doing, and the number of people to whom you are giving hope.

I wish particularly to praise my doctor Dr. McKimmy who is so caring and kind, and gives the feeling that you are his special patient

I thank you on behalf of Mrs. Johnson and me for inviting us.

Sincerely,

P.S. I don't mind the hot flashes very much, especially on a cold day!

Dear Stephanie & your Colleagues in the
Oregon Urology Institute,

Thank you for making Bladder
Cancer Awareness Day such a success in
Oregon. We appreciate all you do to help
bladder cancer survivors & their caregivers -
especially your commitment to ensuring

4817 St. Edgo Avenue • Bethesda, MD 20814 • 301-215-9099 • info@bcn.org • www.bcn.org

there is a support group available
in your community.

Gratefully,

Clare Sexton
